COVID-19 VIRUS OUTBREAK

In light of the COVID-19 outbreak emergency, I would like to encourage paper document submitters to consider taking advantage of the electronic recording (e-recording) service that we offer for land record or Powers of Attorney documents. Use of this service will eliminate the need for any walk-in, US Mail or express mail submissions. **For the next two weeks, the 15 cents/minute fee has been waved to encourage online searching.**

As you know, all of our records are available online for your research.

In the case of an emergency, or possible limited services being provided at the Bucks County Administration offices, members of the Recorder of Deeds staff are prepared to record electronic document submissions from their private residences.

We are an essential part of government and in light of the COVID-19 emergency, will continue to be so. I want to assure you that through our e-recording service, we will continue to record documents in a timely and efficient manner.

If you are interested in using our e-recording service, please contact one of the vendors listed below that we currently accept documents from.
